UPCOMING EVENTS

Immerse yourself in the past - here's a taste of what's on at Milestones Museum.

[See what's on →](#)

When you arrive at Milestones

This is the entrance to Milestones Museum

The helpful staff wear old fashioned clothing like waistcoats and floral dresses

What you'll find on the second floor

The second floor is the level that you enter from. This is the ticket desk to book your tickets to enter Milestones

This is the gift shop where you can buy toys, sweets, books and souvenirs

What you'll find on the second floor

This is the café where you can buy something to eat and drink

What you'll find on the second floor

These are the toilets on this floor

On this floor, there is also a Changing Places toilet

Exploring Milestones Museum

You can enter the museum by following this sign

This is a view from the staircase as you leave the second floor and if you choose to walk to the first floor

What you'll find on the first floor

The Upper Education room is on the first floor where you can eat your packed lunch

There is also a display of old fashioned technology you can find out about

What you'll find on the ground floor

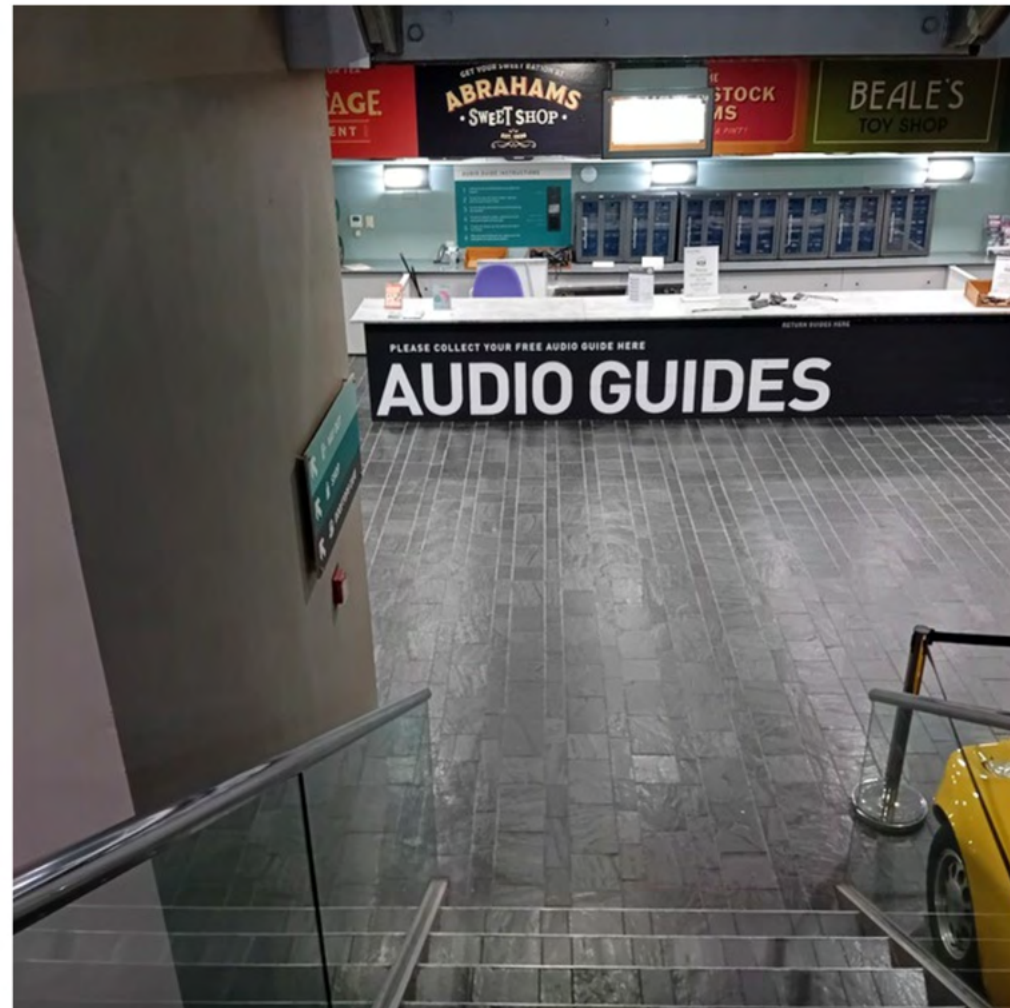

The lower Education room is on the first floor where you can eat your packed lunch

This is inside the lower Education room

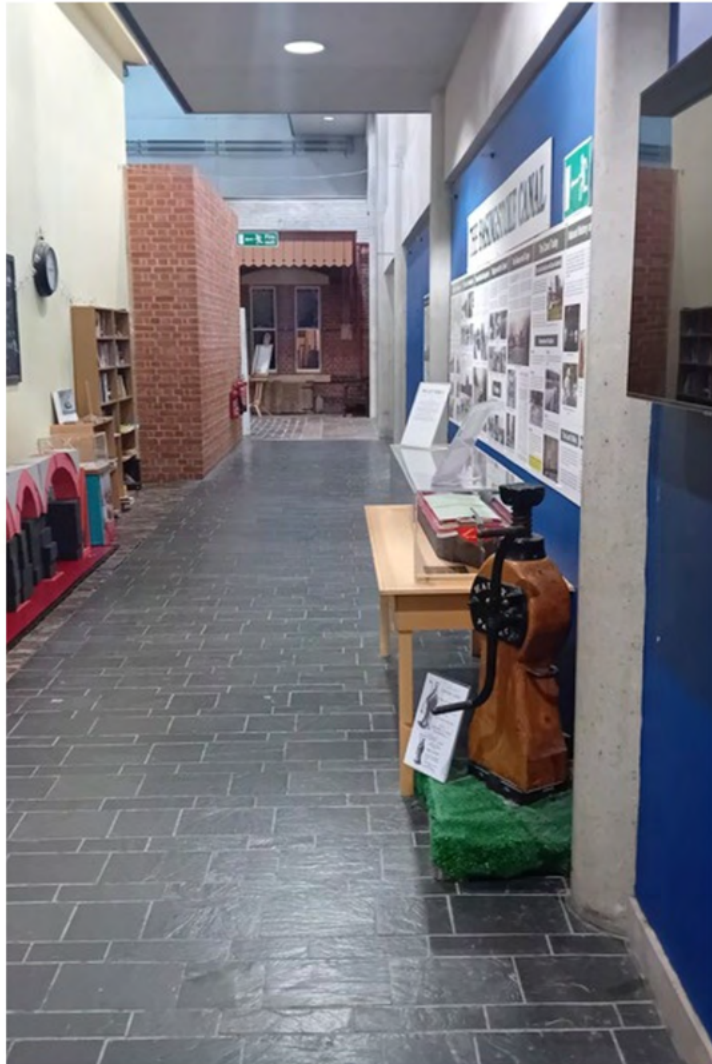

Exploring Milestones Museum

This is the view if you keep walking down the stairs from the first floor to get to the ground floor. Once you get to the bottom, there are three different directions you can take

Exploring Milestones Museum

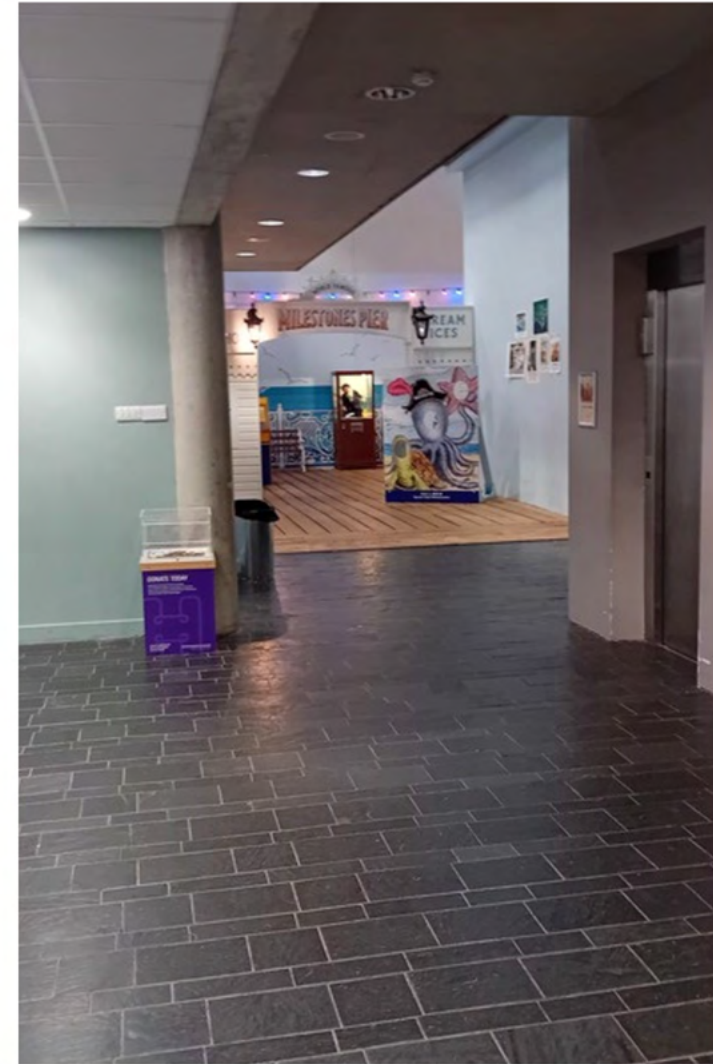

If you turn left at the bottom of the stairs you can explore the railway station

Directly behind the staircase, you can explore the Victorian yard

If you turn right at the bottom of the stairs, you can explore the pier

Exploring the Milestones Pier

If you want to, you can explore the Milestones Pier

You can also play some of the old fashioned arcade games if you buy some old coins to use on them

Exploring the Victorian yard

You can explore the factory that is similar to Taskers

Explore the old vehicles in the yard

Exploring the Railway Station

Explore the railway station

There are lots of statues of people around to show us what people may have worn. Some of these play audio recordings

Exploring the Railway Station

There are old fashioned vehicles in the railways station

This is the tea tent where sometimes you can buy drinks and food

Exploring the Victorian streets

Explore the Victorian streets

You can discover what equipment they used

Exploring the Victorian streets

Discover the Victorian streets

There are lots of statues of people around to show us what people may have worn. Some of these play audio recordings

Exploring the Victorian streets

This is the saw mill. Here you can find out about the equipment they used

This is the saw mill. Here you can find out about the equipment they used

Exploring the Victorian streets

This is the old Victorian board school

Inside is what a Victorian School would have been like

Exploring the Victorian streets

Behind the victorian cottage are these two doors

Behind the door on the left is a statue of a man on the toilet

Exploring the Victorian streets

Discover the Victorian buildings

Inside there is the equipment they used in the 19th century

Exploring the Victorian streets

Discover the Victorian buildings

Inside there is the equipment they used in the 19th century

Exploring the 1940's streets

At the back of the museum are 1940s buildings

This is the bandstand

Exploring the 1940's streets

Explore the Teddy Bear museum to find lots of old teddies

Inside there are lots of different teddies

Exploring the 1940's streets

Exploring the 1940's streets

This is an air raid shelter and garden where people would grow food

Explore the old fashioned rooms to see what homes were like in the 1940's

Map of the museum

The Outside, Inside
It's easy to forget that you will encounter the same obstacles as any street. Dropped kerbs have been installed but we must ask visitors to treat the museum arena as an outside space and be aware of items such as the steep kerbs, cobblestones and tram tracks for example.

The thick yellow lines represent pavements.

The yellow striped areas represent levelled surfaces (in tarmac, carpet, wooden block or slate).

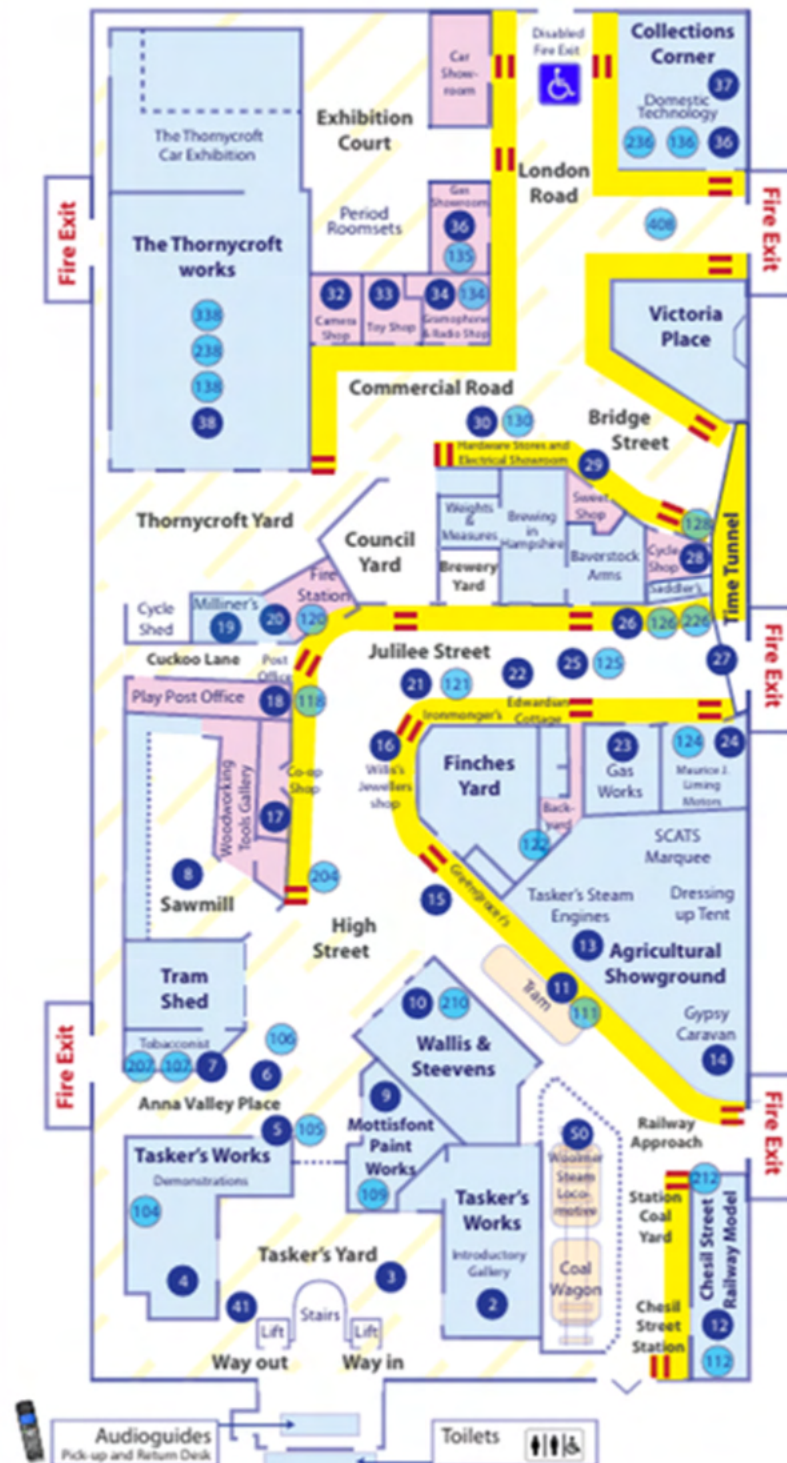

The red double lines represent dropped kerbs.

The areas marked in pink on the map do not offer the ease of access of modern day if you are in a **mobility scooter**. This is due to the historical nature of the museum.

If you require any further assistance or information please contact a member of staff.

Thank You.

We look forward to your visit to Milestones
